Volunteering as an Enterprise Adviser is a great way to support our college. It is a hugely rewarding role that will give you the chance to make a difference to our young people, by utilising your business knowledge and experience.

Give something back to your community by helping the college to develop a quality, sustainable careers programme. We require a single volunteer with strategic experience, who can engage with key stakeholders and build upon our whole college approach. As a business leader in the community, whether corporate or SME, you will act as an ambassador sharing ways of engaging with the college through your business network.

The time commitment amounts to roughly 3 hours every half term, for a minimum period of a year. It will also be virtual until further notice, conducted over Microsoft Teams, emails and phone calls.

More information can be found about the role on the Enterprise M3 website: <https://www.enterprisem3.org.uk/role-enterprise-adviser-em3-zone>

Please contact Adam Watts to apply: adam.watts@enterprisem3.org.uk

A team of advisers from various FE and HE organisations have completed virtual chats with over 58 year 11 students to date. The discussions have been around what the students are thinking of doing post 16 and post 18, how they can improve their employability skills. All the students have been very positive and appreciative of the advice and time these advisers have given them. Below are some of the links to sites the advisers have recommended.
