From The Principal

I am delighted to inform you that the College has achieved another very strong set of examination results. In 2019, the final phase of the introduction of more challenging GCSE specifications were assessed with the new rigorous grading scale. All subjects from 2020 will be graded on a 9 to 1 scale, where 4 is described as a 'standard pass' and grade 5 is a 'strong pass'.

Subjects taken on legacy specifications continue to be graded on the old A*-C scale. Like many schools we are calculating our exam statistics using existing benchmarks, where there are agreed equivalents.

Equivalencies	Good pass	Top Pass
Old style GCSEs	A*-C	A*/A
New GCSEs (English and Maths only for 2017)	9-4	9-7
BTEC/Vocational qualifications	Distinction*/Distinction/ Merit/Pass	Distinction*/Distinction

The new grade 9 is a very challenging standard, above that of an A* and so we were extremely pleased that 14 students secured a grade 9 in Maths and that there were a total of 27 grade 9s in English Language and English Literature. Furthermore, 10 students gained a grade 9 in both English Language and English Literature. Three students achieved a grade 9 in all three GCSEs and there were 9 students who achieved 9s for all three of their Sciences. Two of our most able students achieved grade 9s in all their subjects.

This is all the more pleasing as the additional content within each new GCSE and the focus on terminal assessment requires much more dedication and hard work from the students and our staff!

There are a number of important benchmarks listed below. Those that are in bold type are a personal best for Collingwood College in 2019!

- 74% or 215 students achieved 5 or more A*-C/4+ grades
- 72% or 209 students achieved a 4+ grade in English and Maths
- **54% or 156 students achieved a 5+ grade in English and Maths**
- 69% or 200 students achieved 5 or more A*-C/4+ grade including English and Maths
- 20% or 58 students achieved 5 or more A*/A/7+ grades including English and Maths
- 21% of all GCSE grades (3023 entries) were at A*/A or 7+
- **15 students achieved 12 or more A*/A or 7+ grades**
- 79% achieved a 4+ grade in Maths
- 85% achieved a 4+ in English Language or English Literature
- **38% achieved a 4+ in 3 separate Sciences**
- **72% achieved a 4-4+ in Combined Science**

As parents/carers you will know this represents an incredible amount of hard work and commitment from our students and we are all extremely proud of their achievements.

Results for the Sixth Form continue to be outstanding of grades awarded at A*-B for A level or Distinction*/Distinction for BTEC. All the students who wanted a university place were successful. We are also very pleased to support more students to secure places on higher level apprenticeships, as these can be a very attractive alternative for many.

The students who took exams at the end of Year 10 achieved a 97% pass rate in their GCSE RS short course with 68% of students gaining a 9-4 grade.

The students who took a one year course in Year 9 were rewarded with excellent results too. As a consequence, more **than 80%** of the current Year 10 cohort already have a qualification graded 4 or better which bodes well for future examination success!

At Collingwood we are committed to developing responsible, aspirational, independent, happy and well-rounded young people but the curriculum must ensure that all students are able to follow a suitable range of courses so they can enjoy exam success. In 2019 95% of students achieved at least one 9-4 or equivalent grade and 73% of students achieved at least one 9-8 or equivalent grade.

We are driven by our desire to ensure that students leave Collingwood with the appropriate qualifications to access their chosen career path and the personal skills to make a valuable contribution to society. Despite changes to performance league tables we will continue to maintain a strong focus on maximising the number of students who can pass 5 good GCSE subjects, including English and Maths and 3 A level or BTEC subjects in the Sixth Form and allow students and parents to make the right choices regarding optional subjects.
