**Department:
Languages
(French & Spanish)**

	Personal Development	Social Development	Physical Development	Spiritual Development	Moral Development	Cultural Development
KS3	<p>Study Unit on Family - we discuss different types of families, allows students to develop their understanding of wider society.</p>	<p>Study on free time activities and social time – students discuss hobbies and meeting up with friends, and the use of technology in their daily lives</p> <p>Study of holidays and town - Discussing where they live with each other and the holidays they prefer to have.</p>		<p>Study Unit on Festivals – we discuss different festivals in different countries around the World, including religious ones. It allows students to develop understanding and tolerance to different religions.</p>	<p>Study Unit on school - talking about the importance of rules in school life and good behaviour.</p>	<p>All Study Units in Languages incorporate cultural elements of the Target Language countries, and we encourage students to have a ‘global’ and ‘outward thinking’ view of the world. Extra-curricular Activities – we offer a range of events to widen students’ understanding of the different cultures of the world.</p>

<p>KS4</p>	<p>Study Unit on Family - we discuss different types of families, allows students to develop their understanding of wider society.</p>	<p>Study Unit on Social Issues – we discuss how we can help those less fortunate than us.</p> <p>Study of town - Discussing where they live with each other and where they would like to live.</p> <p>Study on free time activities and social time – students discuss hobbies and meeting up with friends, and the use of technology in their daily lives</p> <p>Study of holidays and town - discussing where they live with each other and the holidays they prefer to have.</p>		<p>Study Unit of the Environment – we discuss the human impact on the environment and possible solutions, allows students to think about their moral purpose in improving the environment.</p> <p>Study Unit on celebrations – we discuss different traditions in different countries around the World, including religious ones. It allows students to develop understanding and tolerance to different religions.</p>	<p>Study Unit on school - talking about the importance of rules in school life and good behaviour.</p>	<p>All Study Units in Languages incorporate cultural elements of the Target Language countries, and we encourage students to have a ‘global’ and ‘outward thinking’ view of the world.</p>
