

Department: History

Mr Magness
Head of
Department

Miss Evans
Asst. Head of
Department

What will you study in Year 7?

We learn about the people that have invaded and settled in Britain. Then how the Tudor and Stuart period shaped us today. Finally, we learn about trade and empire.

How do you become a brilliant Historian?

You get stuck into reading so that you get used to studying sources and working out what we can learn from them. Also, stop to consider what different people would think about the same thing.

What skills will you learn in History?

You will learn how to connect knowledge to sources to explain what they are saying. You will learn how to make comparisons and use knowledge to debate statements.

What we think about History?

If people don't learn History, they will repeat its mistakes!

What Home Learning will you get?

Home Learning is issued fortnightly. Home Learning varies and can be based on revising what we have done in class or extending what you have learnt.

Where is History taught at Collingwood?

History is taught in the Barossa Building.
