What will you study in Year 7?

- Basic Workshop Skills
- Workshop Health and Safety
- Computer Aided Design
- 3D Printing
- Steady Hand Game- electronics project
- Pewter Casting

What skills will you learn in Technology?

How to work safely in the workshop using a range of hand tools and machines. You will also learn how to create designs for 3D. Printing using a computer, how to create electronic circuits and how to create detailed designs of products.

What Home Learning will you get?

Home Learning is given out once a fortnight. Home Learning varies and you could be asked to complete questions testing the skills learnt during lessons or create designs for your practical work.

How do you become a brilliant Technology student?

Try downloading Autodesk Inventor to practice at home.
Watch the video on our YouTube channels
[MR THOMAS](#)

Fun facts about Technology?

In year 7 you will get to try out all our different Technology areas which we offer for GCSE. You will complete projects which focus on Electronics, Product Design and Engineering. The Tech department also has some of the best after school clubs including Status Racing and Robot Wars!

Where is Technology taught at Collingwood?

Technology is taught in V Block and our Electronics workshop R11.
