

Dear Year 6 students

I am writing to talk to you about the amazing school I attend, Collingwood College.

At first, I was a bit worried, I will admit. Collingwood is big and there are so many students.

But the longer I stayed the more I noticed the positives that make Collingwood different from all other secondary schools.

The library is spectacular. The staff are amazing, and there are a mammoth amount of books for you to choose from.

Positive behaviour points - There are LOADS of opportunities that come with these. You can get cookies, Amazon or Costa Coffee vouchers, slushies, hot chocolate and more.

The extra-curricular activities and clubs - Collingwood has a wide variety of clubs and activities to take part in such as, Art, Drama, Science, Debating and tons of Sports clubs.

The opportunities – There are form reps, Eco reps and Sports reps for each form and when you are in Year 9 you can start doing the Duke of Edinburgh Award.

The Teachers – Any teacher will help if you have a problem no matter who you are and, yes some are strict, but all of them, in the end, help you to achieve academic greatness.

The Uniform – You don't have to wear a blazer! End of story.

Thanks for reading

Mollie
