

Dear Year 6 Students

The first day I was very nervous but excited too because it was a new beginning. At Collingwood College there are many new opportunities and clubs, lots of clubs. The best part is they are free!

Also, Collingwood has a nice Library where you can borrow books and movies for free. There is a variety of books and there are also some clubs there like 'reading club' which is a lot of fun. It's also not all about reading. You have board games in the Library at breaks and can do your home learning on the computers.

The food is good too. The canteen and the food outlets have a variety of food like waffles, muffins, cookies, pizzas, pasta, slushies and hash browns. In the winter you can get hot chocolate, and in the summer, they have ice lollies.

You also get positive behaviour points which you can exchange for vouchers for Amazon or Costa coffee.

I hope you enjoy Collingwood.

From William 😊
